## FROM THE PRESIDENT

All U3A Gympie activity winds down in December, as we prepare for the holidays, making for a quiet month.

But there are still a few things happening.

Our final Pub Lunch for the year was well attended and as delicious as always. U3A Gympie singers continued to shine. On the 12<sup>th</sup> and the 19<sup>th</sup> December, Retro Jukebox Singers, Tempo and Joanna & Ralph all entertained at the Mary Christmas festivities, Lynlie had a lovely promotional display and everyone had a good time.

The sudden closure of the library has thrown planning for 2019 into disarray, but everything will be sorted by the Open Day.

I hope everyone had an enjoyable Christmas and I look forward to seeing you all at the Open Day in January.

## FROM THE CLASS CO-ORDINATOR

We are considering several new classes for 2019. If you may be interested in joining one, (or more), please come to our Open Day next week.

**Aqua-joules** students have recognized the benefits of water supported exercise and are now requesting a second class each week. Those unable to attend the Tuesday class could find a second offering an advantage too.

**Japanese.** This class will start in second term. As Pam is no longer offering Spanish, it may be time to try a language from a different continent.

An **Asian Cooking** class will see the tutor, Anne, demonstrate cooking a different recipe each week. There will be a charge to cover the ingredients used. There will be sampling too!

A **Garden Group** has been suggested, but we still need a facilitator to run the group. The suggestion is for monthly meetings, at various venues around Gympie. Bunnings has already indicated it is willing to provide a demonstration of gardening related skills for a class.

There will also be a few changes to existing classes.

The **Craft Group** started in Term 4 last year will continue, with a format we are currently re-organising.

The **Literature** tutor, Gussie, has some wonderful old plays to tempt the class this year.

Our **Games Group** will be expanding to include **Solving Cryptic Crosswords** and **Beginners Mahjong**.

**German** has switched from Monday mornings to Tuesday mornings, a day which may attract some new enrolments in the class.

We look forward to seeing you at the Open Day!
